To whom it may concern

Dear Sir/ Madam

**RE: iKamvelihle Development Trust**

This serves to confirm that I have worked with iKamvelihle Development Trust in my capacity as a Reverend. The work performed by iKamvelihle leaves a positive improvement in the education of our community and learners.

In the short period of time since iKamvelihle began to work with schools and learners, we have seen a great difference in the attitudes of learners as they are inspired to work towards obtaining awards for best performances yearly, change in the attitude of educators as they are supported in their hard work to improve education, change in the attitudes of parents as they are motivated to support their children.

We hope that with the necessary tools, resources and opportunity, iKamvelihle will continue to play their role in bringing about change and paving way to a better future for the youth at large.

Yours in the service of the Lord

Rev H.B MKABILE
